STARLAB

ROE #12 IS EXCITED TO PRESENT THE DIGITAL StarLab!

These trainings are designed to explore the applications of the digital StarLab to cover content standards in Social Science, Language Arts, and Next-Gen Science.

Specific lessons are available on topics such as meteorology, plate tectonics, ocean currents, Native American mythology, cell structures, celestial coordinates, Greek mythology, wind patterns, the night sky, constellations, the solar eclipse and so much more! This great hands on tool can increase student learning with application and increased interest.
